

# Breakfast & Lunch *a la française*

Founded in 2019, The Funghi Club has grown from a local food initiative into a dual site Bistro-Traiteur with locations in Marlborough and Hungerford. Initially launched as a delivery service during the lockdowns, the business has since evolved into a thriving hospitality operation.

Specialising in classic, flavour filled French cuisine, The Funghi Club now employs over 25 staff and maintains a strong reputation for quality, consistency and customer experience.

We are pleased to introduce our new corporate catering menu, designed for local business breakfasts, lunches and meetings.

For tailored solutions and availability, please contact the team directly.
